PROJECTS

Barangay Bulua Health Center Patient Record System

Capstone Project 1 & 2 | June 2022 - May 2023

PHP | MySQL | Andriod Studio | Git | JavaScript | Bootstrap

Worked with a team to create a web system that automates consultation records, lab processing, and report generation for Barangay Bulua, Cagayan De Oro City.

- Ensures the system is user-friendly, responsive, and performs consistently on both web and mobile platforms.
- Used by medical personnel and clients of Barangay Bulua.
